Testimonials

KRISTINE BISHOP

" Would highly recommend Chantale for anyone wanting special photos of their babies or young children. We had our son's cake smash photo shoot done at home by Chantale and she did a fantastic job getting an amazing amount of photos of a baby who didn't want to sit still! Her patience and cheerful personality is exactly what's needed to keep everyone happy and stress-free. The fact that the photos were taken at home also allowed our little boy to be comfortable in his own surroundings. All we needed to do was supply the cake and everything else was taken care of. We are so grateful for the photos we have from that day and will definitely be asking for more in the future! "

" As 1st-time parents, we really wanted to capture our little girl's special milestone of being one years old with a cake smash shoot. Chantale was so professional and organised and brought with her lots of really cute props and backdrops for the photos. Most importantly, in general, she made the whole experience super relaxed and stress-free for us. The photos took only a week to come back to us via an online gallery, receiving the link through e-mail which means we could view the photos straight away and from the comfort of our own home.

And well what can I say about the photos!!!!! Absolutely beautiful! Amazing! She really captured our little girl's personality and they really are something to treasure for years to come... Thank you so much Chantale! "
